

TALK to a LAWYER®

cj Advertising is proud to offer you the opportunity to brand your law firm with the “Talk To A Lawyer”® advertising campaign.

As with all of our branding items, the “Talk To A Lawyer”® campaign would be the focal point of billboards, print ads such as Yellow Pages, television commercials, your firm’s website and all other appropriate marketing mediums. The physical design of the text would be created in a way to support your firm’s logo design utilizing similar fonts and colors in an overall effort to further support the “Talk To A Lawyer”® branding effort.

For more information on how to become the exclusive user of this unique branding opportunity in your market, contact a cj Advertising representative today @ 615-254-6634.
